

Information and consent for treatment regarding COVID-19 for new & existing patients

Please know, we at Shoudt and Reilly Psychological Services, LLC understand the importance of keeping our patients and staff safe. We have taken the following steps to reduce the risk of spreading COVID-19:

- Patients and staff are required to wear a face mask in all common areas.
- We are providing hand sanitizer throughout the office.
- We are requesting that all patients arrive no sooner than 5 minutes before your scheduled appointment time.
- We are utilizing three different waiting areas for patients. Those seeing Dr Shoudt and Dr Reilly, are asked to please remain in the downstairs waiting areas; those seeing Dr Nerney, Dr Balestrier, or Dr York please use the upstairs waiting area.
- Our Doctors are currently trying their best to stagger patient appointments to minimize the number of people in the waiting areas.
- We will continue to sanitize/wipe down all heavy traffic areas including door knobs, light switches, bathroom fixtures, and furniture between patients.
- We are encouraging contactless payments; please see your therapist about our [Credit Card on File Consent Form](#).
- We will continue offering Telehealth Appointments for any new or existing patients.
- All of our Doctors' offices are set up to respect the 6 feet social distancing recommendation.
- Air purifiers with UV sterilization will be used within the building.

Please understand that it is our responsibility and promise to our staff and patients to have the health and well being of each and every person that enters our office in mind, and do our best to provide a safe environment. We reserve the right to refuse face to face appointments to anyone that shows signs or symptoms of COVID-19. We ask that you please contact our office prior to any appointments if:

- You have recently travelled out of the area
- You are experiencing any symptoms of COVID-19
- You have been exposed to someone infected with COVID-19
- You work or recently visited an office that is more likely to have COVID-19 exposure (ie: hospitals, doctors offices, urgent care centers)

Confidentiality As always, we take confidentiality very seriously here at Shoudt and Reilly but if you were to test positive for COVID-19, we may be required to notify local health authorities of your recent

appointment(s). If it is required of us to report such information we will provide the minimum information needed for data collection.

CONSENT FOR TREATMENT IN THE OFFICE

I understand the above stated information and the steps that Shoudt & Reilly Psychological Services, LLC is taking to lower the inherent risk of exposure to Corona Virus that is inherent with in office treatment. I agree to follow the above stated precautions and give consent to be treated in the office.
